

## **Dr. Ayelet Eran**

Dr. Eran is a Radiologist with a subspecialty in neuroradiology. She is the head of Neuroradiology and MRI division and vice-chairperson at the Radiology department, Rambam Health Care Campus, Haifa, Israel.

Dr. Eran received her MD from the Hebrew University Hadassah Medical School (1995) in Jerusalem, Israel. Her residency in Diagnostic Radiology was performed at Rambam Health Care Campus (1995-2000), followed by a two year Neuroradiology Fellowship at Johns Hopkins Hospital, Baltimore, USA (2007-2009).

Her clinical activities cover neuro-imaging with special interest in imaging of the head, neck, and spine, performance of mini-invasive procedures in neuroradiology and advanced MRI imaging (functional MRI, MRI spectroscopy, etc.). Dr. Eran is a member of the Israeli, European and American Radiology societies and the American and European Neuroradiology societies. She is a member of the Israeli neuroradiology committee.

An active researcher in neuroradiology, Dr. Eran is an assistant professor at the Technion-Israel Institute of Technology.
